## MEMORANDUM OF PETITIONERS

---

Petitioners are submitting this Memorandum in response to Respondent's six sentence response to the Petition for Writ of Certiorari.

Petitioners have presented to the Court in this matter the complete Constitutional background on the questions at issue. Never before in the Courts of the United States have the issues at bar been so thoroughly elucidated upon.

For that reason alone, it would appear that Respondent should, at least, reply to the uncontrovertable data presented by Petitioners, instead of citing a few previous cases wherein the entire genre was never fully considerd.

An example of the inaccuracy of Respondent's Memorandum is its assertion regarding reduction of income, when, in fact, Petitioners income was reported in its full amount in statutory United States Dollars.

Petitioners call upon the Honorable Court not to be deceived by Respondent's sketchy Memorandum.

Upon the information thus submitted, Petitioners' respectfully request that their Petition for Writ of Certiorari be granted.
